# Top 5 Reasons to Hire from UBC Arts Co-op

**Get Work Done**

Co-op students offer a low-risk, cost-effective way to complete special projects and support peak work periods. Students are available year-round for 4 or 8 month work terms.

**Access Top Candidates**

We pre-screen students, so you can feel confident you're getting the best candidate for the job. We prepare students for success with the most rigorous selection process and intensive pre-employment training of any co-op program in BC.

**Recruit with Ease**

We work with your hiring timelines, not ours. Our process is flexible, allowing you to set your own deadlines for applications and offers. We'll also provide support with recruiting, interviewing and hiring — all at no cost.

**Feed Your Talent Pipeline**

Find star employees to hire after graduation. Throughout the co-op term, you can assess students' skill sets and test for cultural fit; it's almost like a 4 or 8 month interview.

**Get the Edge You're Looking For**

Our students are motivated to help take your organization to the next level. Their enthusiasm and work ethic set them apart from other candidates.
